for scholarship holders in Germany

Private, comprehensive health insurance coverage for scholarship holders in Germany

Are you a scholarship holder or postdoc at a German university?
If so, you need to provide proof that you have health insurance
coverage for the entire duration.

The health insurance plan, **Care Student G**, is exactly the right
choice for scholarship holders and postdocs. It offers all the ad-
vantages of private health insurance for students at a lower premi-
um rate than coverage through the public health insurance system
(GKV).

Your insurer is HanseMerkur Krankenversicherung AG.

Our strengths are your advantage

- For the whole family:** Your spouse and children are also covered for their stay in Germany. There is the Care Student Family plan (plan CCF), especially for family members.
- Quick & secure:** You can apply for **Care Student G** coverage online, without the need for paper, in either German or in English, which includes the completion of a health questionnaire.
- Communication is one of our key strengths:** Our international team is ready to help you in roughly 20 languages.

In which countries or regions do I have coverage?

Care Student G health insurance is valid in Germany. Our insurance offers additional coverage for scholarship holders and their spouses and children during visits to the home country and on trips – unlimited coverage throughout Europe, for worldwide travel, in the first month of the stay abroad.

Premium contribution

The contribution rate varies depending on the insured person's age. The rate is, however, lower than that for public insurance coverage for students. There is a deductible of EUR 300.

After a maximum of 60 months or when the age limit of 35 years has been reached, an adjustment to a KVS1 plan of HanseMerkur Krankenversicherung AG automatically takes place.
